BUILT
SYSTEMS

BUILT FOR PEOPLE.

At BUILT Systems, we understand that it's the people that make our work, and yours, possible. It's the people on the lines each day; it's the people behind the scenes. Your outcomes, the trackable metrics, the sales, and success, happen because of the men and women in your facilities.

That's why every product here at BUILT Systems was created with them in mind. Whether it's the ergonomic features, the long-lasting durability, or the flexible modularity, it was designed for your business' success and ***BUILT*** FOR PEOPLE.

PLANNING FOR PRODUCTION

Are you expanding your building, looking to change layouts for efficiencies, or starting a new manufacturing business?

BUILT Systems is here to be your one-stop-shop to outfit your production floor. Our team designed each product determined to solve for every considerable objective as you plan: from safety, flow of material, staff health and comfort, organization, accessibility of equipment, efficient use of space, and future expansions.

Why source your manufacturing needs from multiple companies when BUILT Systems can provide all you need in one place? Top-of-the-line quality for modular, versatile, and durable products shipped fully-assembled. Take a look at what we can offer.

WORKSTATIONS

BUILT's line of light- to heavy-duty Workstations is constructed with rigid, cold-rolled steel and uses a patented, electric height-adjustable system where applicable. Our Workstations are supported by heavy-duty casters and Mighty Mounts so that your production lines are as tough as the work you do.

Create your own by selecting the add ons and work surface that you need, or order one of our Pre-Configured Solutions.

WORKSTATIONS

LIGHT-DUTY

PEDESTAL BASE

LIGHT-DUTY
HEIGHT-ADJUSTABLE WORKSTATION

Lift capacity 150 lbs

Available with electric or crank
height-adjustment.

ATE150

LIGHT-DUTY
HEIGHT-ADJUSTABLE WORKSTATION

Lift capacity 150 lbs

*Shown with Pegboard/Whiteboard combo,
Tool Trolley/Balancer, Fan Kit, Power Strip
and Light Frame Kit*

Available with electric or crank
height-adjustment.

WORKSTATIONS

MEDIUM-DUTY

ATE400

MEDIUM-DUTY
HEIGHT-ADJUSTABLE WORKSTATION

Lift capacity 400 lbs

*Shown with Pegboard/Whiteboard combo
and Light Frame Kit*

Available with electric
height-adjustment only.

and Work Surface options.

MACHINE BASES

BUILT's line of Machine Bases are constructed with rigid, cold-rolled steel using our patented electric height-adjustable system. Heavy-duty casters, Mighty Mounts and bolt-to-floor anchors provide a strong foundation for your machines and allow you to set your factory layout in a modular or permanent setup.

Build upon your machine base by selecting the work surface you need, or order one of our Pre-Configured Solutions.

MACHINE BASES

LIGHT to MEDIUM-DUTY

MB800

LIGHT-DUTY
HEIGHT-ADJUSTABLE MACHINE BASE
Lift capacity 800 lbs

MB1200

MEDIUM-DUTY
HEIGHT-ADJUSTABLE MACHINE BASE
Lift capacity 1200 lbs

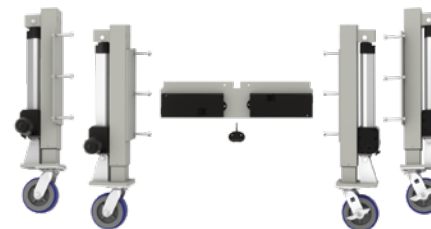

MACHINE BASES

HEAVY-DUTY

MB3500

HEAVY-DUTY
HEIGHT-ADJUSTABLE MACHINE BASE
Lift capacity 3500 lbs

RETRO-FIT YOUR OWN!

Turn your existing fixed height table into a height-adjustable machine base.

Lift capacity 1500 lbs

*Available with Mighty Mounts or casters.
Contact us for full list of options.*

WELDING PRODUCTS

BUILT's Welding Products are designed ergonomically for the user's safety and convenience with high-performance actuators to raise and lower loads at the touch of a button. Each weld table is equipped with an anti-corrosion, anti-splatter worksurface.

For complete, efficient 5S methodology implementation, pair a weld table with a BUILT Systems Mobile Tool Cart.

WELDING PRODUCTS

WT1000

HEIGHT-ADJUSTABLE WELD TABLE

Lift capacity 1000 lbs

Designed to fit BuildPro® weld tops.

WT3000

HEIGHT-ADJUSTABLE WELD TABLE

Lift capacity 3000 lbs

Designed to fit BuildPro® weld tops.

WT6000

HEIGHT-ADJUSTABLE WELD TABLE

Lift capacity 6000 lbs

Designed to fit BuildPro® weld tops.

MOBILE TOOL CART

*Corresponds with industry-standard
TMK820 and TMK830 Fixturing Kits
by BuildPro®.*

ORGANIZATIONAL PRODUCTS

Organizational Products from BUILT Systems are designed with the same industrial standards that every BUILT product offers, perfect for your manufacturing, shipping, and assembly environments. Utilize these solutions to practice LEAN by posting data and visuals for full teams of employees to see.

MATERIAL HANDLING PRODUCTS

BUILT's line of Material Handling Products provide innovative, reliable ways to move parts from cell to cell in your lean manufacturing environment. Choose from a variety of carts and conveyors, or customize your own solution, to perfectly complement assembly and welding tables, workbenches, and machine bases.

Each material handling solution features ergonomics, versatility, and durability to maximize your employee wellbeing and company ROI.

MATERIAL HANDLING

FLAT MATERIAL HANDLING CART

Load capacity 500 lbs
